ABOUT ME

Passionate Front-End Developer skilled in HTML, CSS, JavaScript, and responsive design, dedicated to creating engaging, user-friendly websites. Adept at translating UI/UX designs into clean, efficient code with cross-browser compatibility. Eager to apply creativity and problem-solving skills to deliver high-performance, visually appealing web solutions.

EDUCATION

2019-2020 mahatma fule college	Higher Secondary Education (HSC) Completed Higher Secondary Certificate (HSC) from Mahatma Fule College in 2020 with a focus on a strong academic foundation and developed analytical and communication skills.
2020-2023 DCPE HVPM	Bachelor of Computer Application Developed a strong foundation in programming, web development, and database management while working on academic and real-time projects that enhanced problem-solving and technical skills.
2024-2026 P.R.Pote College	Master of computer Application Pursuing MCA with a focus on advanced software development. Currently working on a web development project that enhances my practical skills in front-end and back-end technologies while strengthening my understanding of full-stack development.

EXPERIENCE
